RE: C A P T A S A Conference 2020

Dear Exhibitor:

The 20th annual CAPTASA Conference for Healthcare Professionals will be held January 24-25, 2020 at the Embassy Suites in Lexington, Kentucky. The conference will begin on Friday at 8:30 a.m. and will close on Saturday at 4:00 pm.

The conference draws over 350 attendees that look forward to not only the presentations but the opportunity to interact with the exhibitors.

The exhibitors' space will be available for set up beginning on Thursday afternoon 4-9 PM, January 24.

You will be provided one six-foot skirted table and two chairs. There is no backdrop and extension cords are available for \$15.00 each. If you have any special needs for your exhibit note those requests on the enclosed invoice.

The exhibitor's fee is \$600, which will include the exhibition space and one attendee to the conference. There is a registration fee of \$225 for each additional individual present in your booth or attending the conference. All individuals attending must be listed on the enclosed form.

Please be aware that **SPACE IS LIMITED**. If you do wish to exhibit please notify me **AS SOON AS POSSIBLE**. The spaces filled up last year and we have more requests.

Thank you for considering the CAPTASA conference. We look forward to another excellent presentation, and we expect to have a very large and influential group of participants.

I hope to see you in January. Registration is now open online at CAPTASA.org.

Best Regards

David
